

1  
2 CLAIM AMENDMENTS

3 Claims A-H (canceled)

4 Claim 1 (new): A tilted U-shaped device having two arms and a base formed from a  
5 channel of plastic, which channel exteriorly covered with a layer of padding to protect the  
6 forearm from dirt and injury,

7 said device adapted to fit over the edge of a table for use by bingo and other game players.

8 Claim 2 (new): The device of claim 1, wherein the plastic is acrylic and the padding is  
9 neoprene.

10 Claim 3 (new): The device of claim 1, wherein the open corners of the device on the ends  
11 of the arms are chamfered.

12 Claim 4 (new): The device of claim 1, wherein the opening at the front of the U is  
13 narrower than the opening at the base of the U to provide a friction fit over the table edge.

14 Claim 5 (new): A tilted U-shaped device formed of acrylic plastic channel about eight  
15 inches long, covered over on the exterior by a layer of neoprene padding, and having a pair of  
16 arms and a base, which is adapted to fit over a table edge with the table fitting within the opening  
17 of the channel.

18 Claim 6 (new): The device of claim 5, wherein the opening at the front of the U channel  
19 is less than the width of the opening between the two arms.
